Analytical Gas
- Advanced Reflux Samplers
- Gas Density Analysis
- Hydrogen Analysis
- Non-Dispenser Infrared Gas Analyzers
- Oxygen Analysis
- Tunable Diode Laser Spectrometers
- Process Gas Chromatographs

Analytical Liquid
- Aluminum Oxide
- Conductivity Analyzers
- Conductivity Sensors
- Dissolved Oxygen Analyzers
- Dissolved Oxygen Sensors
- Fourier Transform Near-Infrared Analyzers
- In-Line Liquid Measurements
- Liquid Density Analyzers
- ORP Analyzers
- ORP Sensors
- pH Analyzers
- pH Sensors
- Turbidity Analyzers
- Tunable Diode Laser

Condition & Vibration Monitoring
- Diagnostic Software
- Protection and Condition Monitoring Systems
- Sensors and Transmitters
- System Commissioning
- System Checkout
- System Troubleshooting

Control
- Configuration Tools
- Distributed Control System
- Limit Controllers
- Manual Setters
- Panel Indicators
- PID Controllers
- Process Controllers
- Program Controllers
- Programmable Logic Controllers
- Safety Instrumented Systems
- SCADA Systems
- Single Loop Controllers
- Temperature Controllers

Data Acquisition
- Chart Recorders
- Data Acquisition Software
- Data Loggers
- High Speed Data Acquisition
- Portable Data Acquisition
- Panel Mount Recorders

Fixed Gas and Flame Detection
- Controllers
- Fire and Gas Systems
- Flame Detectors
- Gas Detectors/Monitors
- IR and Laser Based Open Path Gas Detectors
- Fire and Gas Mapping Engineering Studies

Optimize with TechStar — Call Us 1-800-542-0205 — TECHSTARIS.COM
FLOW
- Coriolis Flow Meters
- Magnetic Flow Meters
- Thermal Gas Mass Flow Meters
- Ultrasonic Gas Flow Meters

LEVEL
- Capacitive Liquid Flow Meters
- Variable Area Flow Meters
- Vortex Flow Meters

CONTINUOUS LEVEL MEASUREMENT
- Capacitive
- Guided Wave Radar
- MLI/Bridle
- Nuclear (Radiation-Based)
- Radar
- Ultrasonic

POINT LEVEL MEASUREMENT
- Capacitive
- Nuclear (Radiation-Based)
- Radar
- Vibration

PRESSURE LEVEL MEASUREMENT
- Electronic Differential Pressure
- Hydrostatic Pressure
- Process Pressure

PRESSURE
- Absolute Pressure
- Differential Pressure
- Digital Pressure Gauges
- Draft Pressure
- Gauge Pressure
- Hammer Union Pressure Transducers

LOW-FLOW PRESSURE
- Mass Flow (Multi-Variable) Pressure
- Multi-Sensing
- Pressure Transducers
- Submersible Pressure Transducers

SIGNAL CONDITIONING & ISOLATION SOLUTIONS
- AC Power Transducers & Monitors
- Displays & Enclosures
- Functional Safety
- Hart/Modbus Signal Converters
- 1/P Converters
- Isolators and Converters
- Limit Alarm Trips
- Remote I/O

TEMPERATURE
- Flexible Temperature Transmitters
- Ready-To-Install Assemblies

REMOTE I/O FOR TEMPERATURE
- Temperature Sensors and Transmitters

FIELD SERVICE
TechStar’s Field Service Team can direct you through the necessary steps to get your measuring devices and their outputs running properly over the phone, in the field, or on location. We are available 24 hours a day/7 days a week to provide a variety of services needed to ensure that your equipment is running optimally. Visit us online for more details and scheduling.

techstaris.com/field-service/

WIRELESS & TELEMETRY
- Chemical Injection System
- Custom Automation
- Field Monitor Display
- Hazardous Location

TechStar offers a variety of training and development services designed to meet your technical training needs. These sessions can be conducted at our training facilities located in Deer Park, Dallas or Corpus Christi, as well as onsite at your company. Factory certified personnel conduct hands-on training and provide detailed technical resource materials. Visit us online for more details.
